

I am dismayed to hear that you are seriously considering implementing the LPFM. I listen to K-LOVE everyday, and to think that this station would not be available to me makes me upset. I am a volunteer sponsor of K-Love and I feel the outreach it gives is tremendous. Without K-Love we cannot reach thousands that may never have a chance to know or learn about the Love of Jesus Christ! For some people this is their only outlet. That is why I am asking and pleading with you to not take away out K-LOVE which you would be doing by introducing "Low Power FM"
